DISASTROUS FIRE TUESDAY MORNING

A fire started in the rear of the Palm saloon and billiard parlors, owned by Harry P. Siems, about 12:30 Tuesday morning and the interior of the building and its contents, with the exception of some of the fixtures in the billiard rooms which did not burn but were badly damaged by the smoke and water, were destroyed. The loss is estimated at about $4000, of which $2500 is covered by insurance.

The local fire company deserve great credit for their prompt response to the alarm and the good work they did in preventing the flames from spreading. Had the fire reached W. H. Miller's livery stable, only two doors away, the entire block would have burned. The fires laddies not only did good work in preventing the flames from spreading but stayed with the fight until the last coal was extinguished, although several firemen nearly fell from exhaustion on account in the smoke and intense heat.

The origin of the fire is yet unknown. It may have been caused by defective wiring or from a cigar stump being thrown on the floor where it could have been burning for some hours, unnoticed. The blaze was first discovered by Oscar Weger, who turned in an alarmand in a few minutes the streets were crowded and the firemen had begun their desparate battle. Mr. Seims had closed his saloon a few minutes past twelve and had scarcely reached home when he received a phone that his place of business was afire. The flames had made such headway before anyone arrived and when a gasoline stove in the rear exploded it was impossible to do anything more than save adjoining buildings. The building was the property of J. S. Hart and Mrs. James Moore and the loss was fully covered by insurance.

Mr. Seims has not yet decided what he will do, but will remain here at least until he can straighten up his business interests and will probably open his saloon on a larger and modern plan than ever.

FOUND DEAD IN CABIN

An aged man, familiarly known as "Woodchopper Jim" who lived alone in a cabin on Dry Creek, Sonoma county, was found dead by neighbors last Thursday morning. He had been an inmate of the county hospital and had recently returned to his cabin to live. Neighbors went to his home last Thursday to take him food and when no one responded to their knocking they forced open the door and found the old man lying on the floor dead. Advanced age, exposure and lack of sufficient nourishment is given as the cause of his death.

BUYS NEW REO CAR

Superintendent of Schools L. W. Babcock returned from San Francisco Sunday evening in his new four cylinder Reo. He was accompanied by Agent George Lambert. The Proffessor's new car is completely equipped and is fitted with a four passenger body. This is the first of the four passenger type of Reos in Ukiah and its rakish lines and sturdiness has created much favorable comment among the autoists. Mr. Babcock thoroughly investigated all other cars before making his selection and decided that the Reo was best constructed to withstand the hard use and strain of the mountain roads which he must travel.

BERKELEYAN PURCHASES RANCH

H. H White of Berkeley purchasedt he H. M. Blore place in Coyote valley Monday and will make his home there. He is well pleased with Ukiah and reports that he has traveled considerably and that he never saw a more inviting valley or a better climate. Mr. Blore will move to Ukiah for the present and has not made up his mind as to what he will do in the future. The sale was made by English, Smith & Company.

NO RAISE FOR OFFICIALS

The county government bill changing the salaries of several of the officers of this county was not signed by Governor Johnson the time having expired at midnight Monday. The salaries of the supervisors and other officials will therefore reamin the same as they have been.

LOCAL TALENT IS WELL APPRECIATED

The entertainment given at Cleland's hall Friday night by local talent under the direction of Auidtor C. W. Mathews for the benefit of the Fourth of July fund was exceptionally well patronized and as well appreciated. Extra rows of seats were put in the hall to accommodate the reserves and there was a large general admission. The reciepts were nearly $200.

Miss Vic Lynch as Andy Blake had a very difficult part and acquitted herself well. Mrs. Roy Lynch as Mrs. Blake carried her part out well and Miss LaPorte as Mary also won the appreciation of the audience, as the timid, beautiful Irish girl. Mrs. Mariner as the aunt was also well cast for the part. C. W. Mathews, George Wilcox and Florine and Neill Anker did well as usual. The sketch Biftons burglar by C. W. Mathews and Frank Montgomery, pleased the audience and was well applauded.

The specialities were particularly pleasing. J. C. Kinslow, who is a favorite with Ukiah audiences, received a round of applause when he appeared and his two solos were highly appreciated, especially Genevieve, which he sung by request. Jim was in unusually good form and his voice captivated he audience and for several minutes after he finished his last solo everyone applauded in an effort to get this popular singr to come out again. In fact the audience would have been contented to have kept him singing until he had exhausted his repertoire.

Charley Mathews made his maiden appearance before the public and his sweet voice was well appreciated and he was liberally enchored. Mrs. Alice Miller and Geary Stock in their cakewalk were original and certainly would be recognized as professionals any where. In conclusion it must not be overlooked that Kellre's band furnished excellent music during the program and also the dance afterwards.

THE COUNTY FINANCES

County Treasurer George A. Johnson has the following report after balancing his books at the completion of work for the month of April. Balance on hand April 1st, $196,663.20. Receipts for the month $22,687.09, disbursements $27,518.77, leaving a balance on hand May 1st of $191,831.52. Fees received during the month were as follows: Clerk Hale McCowen $166.95; Recorder E. E. Holbrook $268.35; Sheriff Ralph Byrnes $6.60; Judge Whitney of Willits $100; Wm. Huntley of Hopland $21.50; G. E. Furniss of Laytonville $35.

RECORD YEAR FOR TAX COLLECTOR

Tax Collector W. S. Van Dyke is each year proving more efficient as a county official and through his constant efforts has succeeded in greatly decreasing the delinquent list in the county. Last year the delinquencies were very small, while this year nearly all of the taxes have been paid with the exception of on a few pieces of land which has recently changed hands. There is scarcely an instance where the taxes were paid on the first installment and have become delinquent on the second.

For the first installment $209,336.87 was collected by Mr. Van Dyke and turned into the county treasury and for the second installment $84,612.81, making a total of $293,949.68 for the year. During the two days, April 22nd and 24th, the amount of $51,529.32 was collected.

MASS MEETING AT WILLITS

Preparations have been made for the mass meeting which will be held at Willits next Monday evening to discuss the state highway, and nearly every citizen in the county has been notified. Ten or twelve automobiles, carrying good roads men expect to leave ther Monday afternoon and arrive in Willits in time to attend the meeting in the evening. The roads are reported to be in very good condition leading into Willits from here and from Fort Bragg and a large and enthusiastic meeting is expected.

County Instructors Assemble at Ukiah

Today at twelve o'clock one of the most successful and enthusiastic teacher's institutes ever held in Mendocino county draws to a close. The success of this institute is due to the splendid program prepared by Superintendent of Schools, L. W. Babcock and his efficient and genial deputy, Mrs. Babcock. Of the 170 teachers in this conuty all were present, with the exception of one or two who were unable to attend. These men and women, who are engaged in the most important of all [illegible] of preparing the coming [illegible] the business men of tomorrow [illegible] begin their struggle in this world, and to give them an education which may mean success or failure to them in the future—have met in Ukiah at their annual convention this week to discuss subjects which concern everyone and is of vital interest to the teachers and parents alike, that of educating the children.

Aside from the many excellent lectures and discussions during the sessions of the institute, the teachers have met, become acquainted, have discussed matters among themselves and will open schools on next Monday morning with new enthusiasm and new ideas concerning the many difficult problems which confront them daily.

PROMINENT EDUCATORS

The institute at Ukiah this year was honored by the presence of Edward Hyatt, Superintendent of Public Instruction, and Mrs. M. G. Hyatt, Deputy Supreintendent. Mr. and Mrs. Hyatt were well pleased with the work done by the teachers in this county and highly complimented them, also conrgatulated them on having such a competent man at the head of the educational department in the county as Mr. Babcock.

Several other prominent educational workers of this state were in attendance and their praise of the school system in this county were equally as great as Mr. and Mrs. Hyatt's. Among them were Richard G. Boone, from the University of California; L. E. Armstrong, editor of the Sierra Educational News; Mrs. Edna Orr James of the Stockton City schools; Herbert L. Coggins, author of "Wood Folks Talk," Loyal L. Wirt, Ex-Superintendent of Educaction of Alaska, and J. E. Wiliamson from the Analy Union High school.

THE SOCIAL SIDE

Mr. and Mrs. Babcock have endeavored to make the institute of 1911 memorable socially as well as on educational lines, and from bits of conversations heard among the teachers it is evident that their efforts have not been in vain.

On Tuesday evening Superintendent and Mrs. Babcock gave a reception to the visiting teachers in Cleland's hall. Between 350 and 400 hundred people were present and everyone reports of spending a very pleasant evening. Mr and Mrs. Babcock arrived early in the evening and heartily greeted each of the teachers and invited guests at the door. The musical numbers by Keller's orchestra and the cornet duet by Keller brothers were very good and greatly appreciated.

At nine o'clock the floor was cleared for dancing, which continued until nearly midnight. Light refreshments were served. It was the desire of Mr. Babcock that, at this reception, evreyone should become acquainted and for all to have a good time. Needless to say, this was accomplished.

This is the first reception ever given the teachers by the Superintendent of Schools in this county and was a decided success. There was not a dull moment during the entire evening and everyone had a jolly good time. The teachers have voted this as one of the most delightful features on the program.

THE PROGRAM

Institute began at ten o'clock Tuesday morning and was opened by the national song, "America," lead by Miss Edith Copeland and followed by the Invocation by Rev. J. E. Moore. Judge J.M. Mannon delivered the Address of Welcome and J. S. Cotton of Fort Bragg the Response. After roll call a few remarks were made by Supt. L. W. Babcock on the Institute of 1911 and the session adjourned for the school exhibit at the Christian church.

The afternoon session was opened by Edward Hyatt, Superintendent of Public Instruction. L. E. Armstrong, of the Sierra Educational News, spoke on the "N. E. A." and Herbert L. Coggins on "Homes Without Hands." On Wednesday and Thursday mornings there were two sections, the High School section held in the Board of [illegible] the Grammar School [illegible] Hall. In the High School section [illegible] C. A. Bernhard was chairman, the high school English course was discussed. Papers were prepared as follows: "Necessity of an Established Course Throughout the State" by A. J. Paulsen, "Should the High School Make its own Course of Study" by Mary Underhill; "What Selections Should Be Chosen and in What Order Presented?" by Saidee M. Sturtevant; "A Plan for Raising the Standard of English in all Written Work" by Marian Schibsby.

At the Grammar School section, of which W.H. Tyson was chairman, the program was as follows: "Birds as a Natural Resource" by Herbert L. Coggins; "Reading" by Edna Orr James; "How Shall we get Children to Form the Reading Habit?" by Mrs. M. G. Hyatt. The program for the afternoon proved even more interesting than in the morning session. "The Donner Party" by L. E. Armstrong; "The Cigarette Habit" by Mrs. M. G. Hyatt, and later discussed by Institute; "The Adventures of a Californian as the Guest of the King of Siam" by Loyal L. Wirt, constituted the program for the afternoon. In the evening a lecture was given by Loyal L. Wirt on "The Conquest of the Artic."

Thursday morning an address was given by Edward Hyatt in the High School Section, followed by a report of the Committee on Course of Study for High Schools. In the Grammar school section Edna Orr James had prepared a paper on "Story Work;" Grace Gray on "How to Secure Expression in Primary Reading" and Mrs. J. S. Ward on "Why do Children Grow to be Careless Readers in the Sixth, Seventh and Eighth Grades?"

At the afternoon session "Agriculture in Country Schools, both Grammar and High" was discussed by J. E. Williamson; "Atmosphere vs Discipline" by Edna Orr James; after which a lecture was delivered by Dr. Richard G. Boone, of the University of California. Dr. Boone also delivered a lecture at the hall at 8:15 in the evening.

THE EXHIBITS

The Christian church was given over this week to the institute exhibit which was well up to the standrad. A large number of people were attracted to view the work of the children and all day and particularly in the evening crowds could be seen wandering through the aisles and expressing their wonder at the deftness of the little hands.

The Ukiah, Fort Bragg and Hopland grammar schools had the largest and most attractive exhibits but all, and especially the smaller schools, were well represented and in addition to the countless papers showing that the children stood well in their examinations, drawing, painting and manual training work was well represented.

One of the most striking displays from the smaller schools was that of the Piercy district from the extreme northwestern end of the county of which Mrs. W.C. Lilly is the teacher. Besides dainty wooden articles the chopped up maps attracted the attention of everyne and recieved favorable comment. Maps of the principal continents and of the United States divided into states had been drawn on thin pieces of redwood and pine and then cut into their political divisions by saws in the hands of the little ones. A map of Mendocino county had been used as a frame for the picture

CHARLEY CUNNINGHAM IN RIGHT

Lee Cunningham received a copy of the Sacramento Union this week giving an extended account of the Georgia Slide mine near Georgetown, El Dorado county, which is being opened up by the Sacramento people. It stated that $15000 in raw gold was displayed a directors meeting there recently. Charles Cunningham formerly of this city is one of the directors. It is stated that the mine has made fortunes for two different owners and that the prospects are that the new company will soon be millionaires.

A LARGE PUMPING PLANT INSTALLED

Charles Mitchell, outside foreman of Sampson Iron works, has been here for several days installing the pumping plant on the Verra & Scontraino ranch in Coyote valley. A 100 h p Sampson engine and a two step Dow pump with a capacity of 1100 gallons a minute will be used. The water will be pumped from Cold creek through 530 feet of 10 inch pipe to a height of 190 feet over the ridge and then distributed over the land through 6000 feet of 8 inch pipe. Hydrants will be used throughout the fields and the water will be carried to the place to be irrigated by the use of slip joint pipe.

At present 80 acres of alfalfa will be irrigated and 20 acres more alfalfa will be planted. The dairy herd will be increased and soon the cheese factory on the ranch will be turning out a large quantity of high grade cheese.

DR LIFTCHILD BUYS REO ROADSTER

Dr. Judson Liftchild has placed his order with Lambert & West for a new 30 horse power Reo torpedo roadster. The new machine will be delivered the latter part of the week. Dr. Liftchild has been using a small Reo for several years and on account of his large practice finds that he must have a larger and higher priced car. The new machine is four cylinder, 30 horse power and one of the classiest and speediest cars on the market.

WILL SERVE TWENTY DAYS

J. M. Fish and Dan O' Brien were received at the county jail from Willits the first of the week. They were arrested on a charge of being drunk and disorderly. Justice E. M. Whitney found them guilty and sentenced them to serve 20 days each at the Hotel Byrnes. W. C. Hunt, who is wanted in this city for defrauding an inn keeper and in Willits on a felony charge, was caught by Sheriff Ralph Byrnes on Big River, near Willits, the first of the week and placed in jail to await his trial. The misdemeanor charge will probably be dropped and Hunt prosecuted on the felony charge.

QUESTION AS TO REGARDING ROADS

Although the Ukiah Auto and Good Roads club had decided to use the money subscribed here and in Hopland, which amounts to about $550, to repair the old mountain road from Hopland to Cloverdale, a question has arisen as to whether or not this road is the proper one to repair.

The old road, which leads over the mountain, has some very steep grades and the roadbed is narrow in several turns. This route, which is said to be on the wrong survey would not do for a permanent automobile road and could not be made so with any amount of labor. While neither the mountain nor the river road can be repaired with what might be termed premanent work it is the opinion of many that the river road is one that should receive the work done by this club.

Supervisor D. H. Lawson when asked his opinion regarding the two roads stated that he did not consider work on either of the roads as permanent. The road around Blue Slide goes into the river every winter and on account of the steep grades over the mountain that route could never be considered the main inlet to Mendocino county. Mr. Lawson did not say which of the two roads he favored, although he stated that he was doing more work on the road than had been done for several years.

Attorney Chas. M. Mannon, president of the Ukiah Auto and Good Roads club drove his car to Santa Rosa and returned Monday. The trip down was made over the mountain and the return via the river road. When asked by a Press representative regarding his opinion of the roads Mr. Mannon said:

"As to the respective merits of the two routes for a winter or permanent road I am not qualified to judge. That whole matter seems to me to depend on the feasibility of bridging the "blue slide." But when it comes to the question of a road for use during the summer of 1911 I am decidedly of the opinion that the money in sight will make a much better road along the canyon route than it will over the mountain."

A meeting will probably be called in a few days to decide which route should be repaired for the summer.

SANTA ROSA READY FOR THE CARNIVAL

Santa Rosa has made great preparations for the Rose Carnival this year, and from reports it promises to be even better than in former years. The decorations are said to be very pretty and the floral pageant will be the largest and most beauitful ever seen in the City of Roses. Arrangements have been made to care for a large number of visitors and various kinds of amusement and entertainment has been provided.

Tomorrow, Saturday, will be the big day of the Carnival and the Northwestern Pacific Railroad company will put on a special exccursion train from Mendocino and northern Sonoma counties. The special train will leave Willits Saturday morning at 7:10, Ukiah at 8:25 and Hopland at 8:46, arriving at Santa Rosa at 10:45.

Round trip tickets from Willits will be $1.50 and from Ukiah and Hopland $1.00. The returning special will leave Santa Rosa at 5:30 p m.

The program for Saturady opens with the grand floral parade at 11 o'clock, followed by the Queen's reception in the court house square. The illuminated parade and confetti battle will be in the evening, beginning at 8 o'clock Arrangements have been made with some of the largest automobile agencies in San Francisco who will have their racing cars there to take part in the races which will commence at 2 p m, both Saturday and Sunday afternoons. Some of the fastest racing cars on this coast and the most daring drivers have been entered in this meet and some fast and exciting events amy be looked forward to as Santa Rosa is credited with having the fastest mile dirt track in this state.

A number of Ukiah autoists will drive to Santa Rosa Saturday morning in their cars and return Sunday afternoon. Mendocino county will be well represented at the Carnival, as undoubtedly the train from tihs section will be crowded.

PROMINENT COASTER PASSES BEYOND

George Switzer, one of the old residents of the coast, passed away at his home in Fort Bragg last week. The decesaed was a good man and has a host of friends throughout the county who will learn of his death with sorrow. His was a well rounded life filled with good deeds and kindly acts and his death will be a blow to that community.

THE RASCAL *and* HIS CLOTHES

Broadly speaking, the greatest rascal ever known, if well dressed has a better chance for success in life than the finest fellow ever known, if pooly dressed.

Never in the history of the world has this fact had greater force than in these rapid, high pressure, twentieth century times.

The question is not whether you can afford to buy, say, a $20 "Miller-Made" suit of clothes from C. Hofman & Co., but can you afford not to buy it? Thats the question.

COAST PEOPLE BROAD MINDED

Horace Milliken, chairman of the Republican county central committee and one of the coasts progressive citizens, was over from Fort Bragg this week attending the session of the grand jury. He reports that the Fort Bragg chamber of commerce met last week and rescinded their action endorsing a particular route for the state highway and have decided to work with the other portions of the county aand pull for the highway and then decide on its route through the county after it is assured that Mendocino county will get a portion of it.

LEAVE FOR ALASKA

Walter and George Cummins, formerly of this county but now of Paris, Cal., left San Francisco last week on their way to Alaska with a party of government surveyors. The government has several thousand acres of land there to be suyvred and the work will take five or six months.

Christian science services are held in the Preston building every Sunday at 10 o'clockk a m and every Wednesday evening at 8 o'clock. Subject for Sunday May 7th, "Adam and Fallen man." All are welcome. Sunday school every Sunday at 10 o'clock.

Jim Tracy of Cummings was in town the first of the week visiting his uncle, Arthur L. Tracy.

CHILD HAS NARROW ESCAPE

Miss Annie Alameda of Menocino had a narrow escape from burning to death Friday night when a lamp near her bed exploded and set the bed clothing on fire. She had been reading and fell asleep, leaving the lamp burning, and when the oil burned low it exploded. Men passing the house heard the explosion and rushed in, arriving in time to rescue the little girl from the flames. The mattress and bed clothing were carried into the yard before any damage was done to the building.

ROYAL
Baking Powder
Absolutely Pure

The Only Baking Powder Made from Royal Grape Cream of Tartar.

Safeguards the food against alum.

Chemists' tests have shown that a part of the alum from biscuit made with an alum baking powder passes into the stomach, and that digestion is retarded thereby.

Read the label and make sure that your baking powder is not made from alum.

SUMMONS.

IN THE JUSTICE'S COURT of Sanel Township, County of Mendocino, State of California.

C. Beattie, Plaintiff, vs. Fred Woodworth, Defendant.

The People of the State of California Send Greetings to Fred Woodworth.

You are hereby required to appear in an action brought against you by the above-named plaintiff, in the Justice's Court of Sanel Township, County of Mendocino, State of California, and to answer before the Justice, at his office in said Township, the Complaint filed therein, within five days (exclusive of the day of service) after the service on you of this Summons—if served within the Township in which the action is brought; or if served out of said Township, but in said County, within ten days, or within twenty days if served elsewhere.

The said action is brought to obtain judgment against you for Thirteen Dollars—money had and received on an implied contract, as more fully appears by the Complaint on file herein and copy hereof herewith, to which you are referred.

And you are hereby notified that if you fail to so appear and answer said Complaint, as above required, said plaintiff will apply to the Court for the relief demanded in said Complaint, together with costs.

To the Sheriff or any Constable of said County in the State, Greeting:

Make legal service and due return hereof.

Given under my hand this 3rd day of April, 1911.

WILL HUNTLEY,

Justice of the Peace of Mendocino County, in and for the Township of Sanel.

UKIAH TANNERY STILL RUNNING

Fred Fraser has decided to devote part of his attention to tanning and dressing furs in addtiion to his other tannery business. He also is paying cash for all kind of hides. He reports that his mother will arrive from Neson, B. C., where she has been for some time, within the next two weeks to keep house for him. The statement published in a contemporary recently that the Ukiah tannery would be closed is untrue and to the contrary will be kept busier than ever. Alex Frasier left with his wife last week for St. Louis where he has accepted a position as superintendent of the branch of the Lavin Tanning company of Santa Rosa.

MRS INGRAM WILL ENTERTAIN

On Wednesday evening, the 10th, Mrs. E. A. Ingram, who makes her home at the Palace hotel, will entertain in honor of her guests, Mr. and Mrs. Theodore Schmidt of San Francisco. A banuet at which covers will be laid for twenty-four, followed by cards. The details of the entertainment are being kept very quiet, but it will be safe to predict that the hostess contemplates some agreeable surprises for her guests. The banquet will be left entirely in Mr. Sandelin's very capable hands, but to all questions regarding it, he has but one answer, "Wait and see." It is known that the wine has been ordered especially for this occasion and as a graceful compliment to the guests of honor, it being a product of the their birth town, Livermore.

SPLENDID FRUIT

This week we were given a few sample apples that were raised on J. H. Clark's ranch near Chato, last year. The apples are of the Wagner variety nad are as sound and firm as when picpked last fall. Mr. Clark has a great many varieties of fruit trees and all seem to do equally well. Some day Mendocino will be a great county for apples.—Willits News.

NEW LIGHTS IN POSTOFFICE

The new electric lights recently placed in the post office makes quite a noticeable improvement. The new light, which consists of four large Tungsten burners, gives a light of over 150 candle power, and sufficiently lights the lobby of the office. Another improvement which Postmaster Caughey is contemplating is to put in some swinging doors to replace the large, heavy doors now used.

HOP PRICES ARE STRONG

Dispatches in the city papers state that Henry Klaber of Portland has purchased 400 bales of Sacramento hops of last years crop in an endeavor to corner the market and that he is negotiating for 300 more on consignment. It is said that most of the hops cost him in the neighborhood of 18 cents a pound. It is also stated that dealers are offering 18 cents for a one year contract and that 16, 15 and 14 are being paid in Santaa Rosa on three year contracts.

THE GREATEST IMPROVEMENT

in poultry fence construction ever known was made when electric welding was introduced. It sounded the death knell of the light, flimsy netting and of light poultry fences of all kinds. This radical change over old methods was made by the Pittsburgh Steel Company and was incorporated into its now celebrated "Pittsburgh Perfect" fencing, for hogs, sheep, cattle, farm purposes and for lawns and poultry. This fencing is manufactured exclusively by them. Electric welding also placed wraps, clamps and ties in the waste wire class.

"Pittsburgh PERFECT"

ELECTRICALLY WELDED

Poultry Fence

"Pittsburgh Perfect" poultry fences as well as all farm and lawn fences under this brand, are now being made from a special quality of open hearth wire, manufactured in the immense addition to our mills recently built. It is now heavily galvanized by an improved process. All stay wires are the same size as line wires, and is the superior of any poultry fence made. The quality of the open hearth wire, conceded superior to Bessemer steel; the galvanizing, applied by our special process; and the large wires, are all of vital importance in giving service and durability.

"Pittsburgh Perfect" Electrically Welded Fences are made in every height and weight for every use. Insist upon getting only "Pittsburgh Perfect" fence.
